

# Busy Bees celebrate their 10th birthday!

**A**my Welch and Caron Henwood who have been life long friends from the age of 10 years decided to start their own business in the form of Busy Bees 10 years ago in 1998.

Celebrating their well-deserved 10th anniversary this year, Amy and Caron said, "We decided to start a business which we could work around our young children and family commitments and so Busy Bees was born. We still hold to this philosophy which gives employment opportunities to parents with young families."

Amy and Caron now employ a staff of over 30 people. Amy and Caron continued, "We employ our cleaners directly and not from agencies and this provides many benefits for our customers and our employees; we also make sure all staff are fully vetted prior to employment. All staff are uniformed, and fully insured and we recruit staff locally on a part-time and full-time basis."

The company prides itself on training its staff to very high NVQ standards and was the first in Somerset to undertake staff training to these standards. Amy has won the coveted award for 'learning skills Somerset champion 2008' and also holds a NVQ4 in management. Caron is a fully qualified NVQ assessor and combined with Amy's skills provides an unprecedented level of training for their staff which in turn provides a highly professional service to their customers.

## Local, friendly and reliable

Caron and Amy added, "Busy Bees is a local, friendly and reliable cleaning and garden maintenance company, based in Frome and supports local businesses. Busy Bees has established a large client database of over 800 customers which continues to grow on a daily basis.

"Our committed team of employees assists us with our clients and all staff provided by Busy Bees are fully experienced. Our company prides itself in providing a flexible schedule to suit the environment, while offering a wide range of services to our clients.

"Our aim is to provide our clients with the same cleaner for each regular visit; this provides the necessary continuity of service and builds up the pride in their work, which our clients benefit from."

Busy Bees will visit your property to discuss your cleaning requirements and carry out a FREE on site visit to discuss your needs as they walk around your property, before any work is carried out. Simply contact Busy Bees to claim your free, no obligation on-site quote now.

Busy Bees vast experience has resulted in them

having their own cleaning product brand. Caron said "After eight years trading you can imagine how many cleaning products our company have used! We have several commercial suppliers and have had the opportunity to use lots of different cleaning products that you cannot buy from your local supermarket as a domestic household customer. Therefore we have decided to offer some of these fantastic products to you."

For details on the full range of products available as well as advice on cleaning problems in the home and much, much more visit the Busy Bees web site at [www.busybees2000.co.uk](http://www.busybees2000.co.uk).
