## Cleaning & Maintenance 2000 Ltd.

**F**rom a weekly domestic clean, to a full deep clean, and garden maintenance, just one phone call to Busy Bees Cleaning and Maintenance can meet all your cleaning or gardening needs.

The Frome cleaning company has continued to grow since it was set up 15 years ago by

childhood friends Amy Welch and Caron Henwood, operating from Amy's home. They offer both regular or one-off cleaning and gardening services.

The business now has over 40 staff, each specialising in their own area of expertise, and has recently purchased a unit on Commerce Park, business estate.

Busy Bees can provide domestic cleaning, commercial cleaning, upholstery and carpet cleaning and garden maintenance.

Furthermore, after receiving training from the National Academy of Crime Scene Cleaners, they are one of a few fully qualified companies to deal with anything from used syringes to blood and biohazards – an area only specialist

cleaners can deal with.

"We have continued training within the company which has now enabled us to provide pest control services within your home," said Amy.

"Because we're a local business we like to support the town and surrounding areas. It's easy for a customer to make one phone call to us and we can cover all their home maintenance requirements.

"In recognition of our staff training, the *Daily Mirror* national newspaper will be featuring this month our supervisor, Dan McCallie, as a case study in a special careers section."
